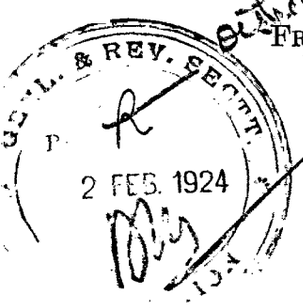
FROM

K. Chandy, Esquire, B.A.,
Revenue Commissioner in Mysore



To

Secretary to the Government of
His Highness the Maharaja of Mysore,
Revenue *Department*

SIR,

In placing a sum of rupees one lakh at the disposal of of the Revenue Commissioner in Government Order No.2276-87/ R.M. 11-23-71 dated the 22nd November 1923, Government have been pleased to order that the sum should be utilized for the expansion of village Improvement Works, Tank Restoration and Tank Maintenance Works and sinking of temporary wells in tank beds. In an audit objection note received from the Comptroller (copy enclosed), the question has been raised whether the sinking of temporary wells is confined to beds of tanks and it is suggested that orders of Government may be obtained in case funds are to be allotted for sinking of such wells in places other than tank beds. In actual practice, funds are allotted out of the sum of rupees one lakh not only for temporary wells sunk in tank beds but also for those sunk in other places as well. But as the Government Order in question authorises the allotment of funds for wells sunk in tank beds only, I have the honour to request you to be so good as to have the order modified so as to authorise the allotment of funds for wells sunk in other places also

Extract from the Comptroller's audit objection note dated the 26th January 1924.

General.-

"The sinking of temporary wells at the cost of Government is ordered only in the case of those sunk in the beds of tanks in Government order No. R.2276-87/R.M. 11-23-71 dated the 22nd November 1923. It may kindly be intimated if the sinking of wells is confined only to the beds of tanks; otherwise, orders of Government may be kindly obtained for placing funds to dig wells elsewhere".

Copy of letter No. H.C. 107/23-24 dated the 30th January 1924 from the Deputy Commissioner, Kolar District, to the Revenue Commissioner in Mysore, Bangalore.

I have the honour to state that I have allowed the subordinate Revenue Officers to utilise the grants given them for sinking temporary drinking water wells for deepening the existing wells also wherein water has gone down as the expenditure is in many cases less than that on a temporary well. In others no suitable locality within reasonable distance could be had for sinking a temporary well. I request that the action may be formally approved.
